MEMORANDUM FOR: Director of Communications

SUBJECT : DD/S Briefing for DDCI

1. Attached is an overall outline of the briefing Mr. Bannerman gave Admiral Taylor on 12 October 1966.

2. Mr. Bannerman's coverage of the Office of Communications was fairly limited. He cited your personnel strength, giving the overseas figure and the total strength. He ticked off your personnel ceiling by major elements and gave the budget figures under three headings:

3. Only two charts on Communications were used--one showing your world-wide network and the other showing your activities under the headings, I believe, of staff communications, clandestine communications, and intelligence collection. He cited the number of installations served by CIA communications and mentioned your relationship with the Department of State and  role there.

25X1

Assistant Executive Officer to the  
Deputy Director for Support
